Reasons for joining

Please start by giving us some more detailed information about why you would like to become a member of Syndikat Leipzig - FAU. This will help us to better respond to your needs and involve you in a more targeted manner.

Multiple selections possible

- ☐ There is an FAU workplace group or industry network in my company or industry. I would like to join this grassroots structure of the Allgemeines Syndikat Leipzig as an FAU member.
- ☐ My colleagues and I are facing challenges in our company or industry. We need knowledge, tools, support and exchange with other organising colleagues in order to become more capable of acting together.
- ☐ I have problems in my (former) employment relationship that primarily affect me personally. I need advice and possibly support from a solidarity-based trade union.
- ☐ I am a wage earner, but I don't know much about trade union organisation yet. That's why I would like to learn more about my rights at work and how I can personally stand up for them.
- ☐ I am already a member of a DGB trade union, but I have my reservations about it. I am looking to connect with colleagues who share my political convictions.
- ☐ I want to support other workers who are standing up to their bosses. To this end, I would like to contribute my time and skills as an activist and learn more about trade union organising.
- ☐ I think the trade union and political work of the FAU is important and would like to support it with a monthly membership fee. Beyond that, I don't currently have the capacity to become active.
- ☐ I'm not quite sure yet what my reasons are for joining the FAU. I would like to come to an introductory meeting and find out more.
